Amendment

1. Amendment "H" has been received and made of record as Paper Number 16.

This paper specifies that certain claims are to be retained, "please retain only the following claims...." but fails to provide precise instructions regarding the remaining claims. Claims remaining under consideration are 1-13, 18-30, 32-113, 122-128, 146-149 and 152-164.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371© of this title before the invention thereof by the applicant for patent.

(g) before the applicant's invention thereof the invention was made in this country by another who had not abandoned, suppressed, or concealed it. In determining priority of invention there shall be considered not only the respective dates of conception and reduction to practice of the invention, but also the reasonable diligence of one who was first to conceive and last to reduce to practice, from a time prior to conception by the other.

3. Claims 1-13, 18-30, 32-113, 122-128, 146-149 and 152-164 are rejected under 35 U.S.C. 102(a) and ^{C, DM} f and g) as being clearly anticipated by Crane et al. '609. See especially claims 3+ for the central station, claims 14+ for the interrogation of pads and claims 67+ for lights on vehicles and pads.
